

Internship opportunity

Communication Support

Looking for a challenging internship at one of the biggest global entrepreneurship platform that supports impact-driven founders on their journey from idea to scale-up, where you can make a difference and have fun? Then you have come to the right address!

Communication support

Having a support is a way for us to give our network, and ourselves a gift. Internship assignments often provide new insights and great ideas. Now we have a few specific assignments in store for you, next to your daily tasks. But we are also particularly curious about your own input and creativity. Please see below.

Your job

You will help us in designing, structuring and implementing content strategy in which communication processes are recorded. To do so, you will contribute ideas on how to map the WorldStartup ecosystem, help develop promotion strategies and ensure a professional image. By the end of your assignment, you have structured different forms of marketing with a positive increase on our output and online presence.

Your profile

Communications and writing are what makes you tick. You are a curious, friendly personality with a genuine interest in the startup world. Your analytical mind allows you to quickly understand the challenges and come up with creative and structured solutions. You are able to work independently as well as within a team, you welcome feedback and use it to improve. You are fluent in English and can (ideally) converse verbally in Dutch. And on top of that, you are tech savvy and aren't afraid to learn how to use various tools (mailchimp, analytics, webflow, and Adobe). Your background is ideally in marketing, communications, journalism, entrepreneurship or innovation management. You are available 4-5 days/week.

Our offer

We offer a great experience of working in an agile, highly dynamic international environment, that will give you the opportunity to develop your professional and social skills in a challenging yet rewarding environment.

Interested?

So, looking for a great learning opportunity? Are you a motivated, multi-talented person who knows how to get things done? Please send your application and resume to merel@worldstartup.co
